Have your Players log in handy (All letters in username/password are capital letters--your username and password are the same. It is the series of numbers and letters located below your players number on your membership card).

Username: _____

Password: _____

Step 1: Type www.grfnbingo.com into your internet browser and press enter.

Step 2: In the log in section on the main page, you enter the appropriate log in information (username and password). Then you can press log in.

Step 3: Click the Live Bingo button at the top of the page towards the right hand side.

Step 4: In the current screen you will see the card order area where you can select how many bundles and specials you would like to play (you must play a minimum of 2 bundles). There are 3 cards per bundle/strip. The following games are not included in your bundles: minis, teepee special, 9 pack special, late bird special, and the digi ball special. Your twoonie and 4 ball stamps are to buy into the progressive pots and also must be bought separately (these stamps do not apply to minis, digi balls, or late bird games). When you are finished your card order you then must click the submit button one time. After you click submit you will receive the total amount of money that your bingo will cost. Make note of this number as you will need it for the following step.

Step 5: Access your online banking and find the area where you can send an Interac E-Transfer, then click that button to get to the appropriate section to send monies. (please note some e-transfers take longer to deliver so it is best to send as soon as possible).

Step 6: Enter the total amount you recorded in step 4 in the payment amount area.
